

Winter Wilderness week

A winter adventure week with four nights out in the wilderness and lots of winter activities. Dogsledding, forest skiing, snowshoeing, ice fishing and living in basic wilderness cabins.

1. Day, Sunday, arrival – we pick you up at the airport or train station in Kiruna or Gällivare and bring you to your cosy accommodation.

2. Day, Monday, dogsledding – your adventure starts at our base in Moskojärvi, after an introduction to our dogs and a short theory lesson on dogsledding we help you to set up your own dogteam and we go out on a 10 km run.

3. Day, Tuesday, dogsledding - After a good breakfast, we pack the sleds with all we need for the next days. Together we get your dog team ready and head out into the wild. After 20 km we arrive at the wilderness hut. The hut doesn't have running water or electricity (also no Wi-Fi 😊), so everybody helps getting water from the lake, making fire, and taking care of the dogs. Enjoy a good meal and a sauna in the evening.

4. Day, Wednesday, forest skiing/snowshoeing – After we took care of the dogs it's time to check out the area around the cabin. On skis or snowshoes we explore the wildlife and old forest of Puolva Nature Reserve. Following an active day outdoors we return to our wilderness hut, take care of the dogs, enjoy dinner, and relax in the sauna.

5. Day, Thursday, dogsledding – in the morning we pack the sleds, get the dogs ready and head out on the trail again. We travel over frozen lakes and through snow covered forests towards Onkijärvi Wilderness hut. Also, here we will not have electricity or running water.

6. Day, Friday, ice fishing – today its ice fishing day. In the lake right next to our cabin we fish for pike, perch, and grayling. If you're lucky it is fish on today's menu. Cuddle with the dogs or take a hot sauna after a cold day out on the lake and enjoy once more romantic wilderness cabin life.

7. Day, Saturday, dogsledding – slowly your adventure comes to an end. On our way back to Moskojärvi you can experience once more your dog team's rhythm while you glide through winter wonderland. Back at our base we take care of the dogs together and after you said goodbye to your team we bring you back to your accommodation, where a hot shower waits for you. Later in the evening we will have dinner together and look back on an adventurous week.

8. Day, Sunday, departure – We bring you back to the airport/train station in Kiruna or Gällivare.
